

A Declaration of World Peace

At each appointed time, Mankind has abandoned the narrative that binds us - choosing to revolt over the status quo. We will choose to amend our story when participation corrupts human flourishing & Coherence. And we find ourselves at yet another appointed time, one of the utmost profundity and demanding a deliberate, rational re-evaluation of our collective

futures. It is at this
history, we approach
Technological
penultimate evolution
synthesis of all
risk of

moment in human
the horizon of the
Singularity - the
for Mankind through
scientific knowledge. At
understatement,

humanity stands at a crossroads between unparalleled progress or catastrophic collapse. In gracious humility, under the authority of God, who is Truth, Reality, and Self, we declare this proposal of peace to all nations among kindred and offer a logical framework & Religion in order to advance Planetary & Interplanetary Unity.
